Isteemd: Steem investment platform

@isteemd has started three months ago. After they worked tirelessly for three months https://isteemd.com is emerging.

Spread Awareness about Steemit as much as you can. Through our collective efforts, we would increase the awareness of steemit not only as a blogging platform but also as an investment platform.

I like this words too much. Now steemit advance as a investment platform.

We believe that this is just the start of a huge transformation that the blockchain industry will bring to our world in the coming years.

Let's be a part of the shift happening from centralization to decentralization.

The bold sentences are from the @isteemd post.

The following is the prove that steemit can generate more than 15% apr.

Steemit has proven time and again that it can consistently generate risk free returns of more than 15% APR for its investors even in such a bearish market thereby beating all the traditional investment avenues by a huge margin. And this is just the beginning.

Bots (Showing bots open to autida delegators)							
	% Sarrings Paul To Delegators (Claimed by the hot)	Payout to Delegators (For every 100 SF Enlagated) (Last 7 Days-Jog)	Proposit to (Sologottors (in % APR) (Last 7 days dog)	Total Deingared SP	Total Seringation	Anti-Space Officers	7
pedpremater	58%	0.048 578986	25.70%	2,752,568,759	500	High	
smark/deam	10%	0.0% 578386	26.79%	2,785,234.45P	600	нуь	
theting	100%	0.049 578394	17.89%	1,065,543,719	107	Moderate	
spresshale	100%	0.049 578384	\$7,89%	764,695,852	109	lev	-
membak	1076	0.040 5700M	17.80%	71/207/217	51	Moderate	7
brandonfrys	100%	0.05 578354	18.25%	26,368.3 SP	64	Moderate	7
bropveter	50%	0.004570000	94.06%	74,657.5.5P	57	Moderate	- 7

The bots has been ranking according to the isteemd score. In below image is explanation for isteemd score. Here is the link to <u>website</u>.

ISTEEMD Score Calculation

The formula to calculate (STEEM) score depends on several factors each having different weightage as per their importance immeasuring trust and performance of the bots. Here are some of the important factors used in the calculation of ISTEGEO score of each bot;

- Delegation Amount Received: The amount of delegation received is a sign of trust placed on the bot by the delegation. Thus higher received delegation amount yields to
- Builty Physiolo Given to Delegators: He analyse the delty payouts given to the delegators of the last and shock for consistency, equal distribution among all delegators and
- Delegator Retention: Data which have high delegator retention rate about that delegators are much more satisfied by their service. Hence, higher delegator retention results.
- Delegate Oppose Rate: Consistently appeading delegators show that they are willing to contribute more and more SP to the but which is a very good sign. So, higher
- appade rate will lead to a higher overall score.
- Bot Desertine: The analyse the downtime of the bot through time difference between their upvotes along with other parameters and persolate the bots with higher downtimes for learning that are record.
- See See Self-Medie: Fire slightly, which are eligible for refund, are not refunded ON valid posts are not uposted in a timely manner, the best will receive a lower score in this assessment.

@brandonfrye gave the highest payout for 100 SP delegation with 0.05 stem per day. @postpromoter stayed in top position with highest @isteemd score along with @smartsteem and @therising. You can choose between highest payout and reputation. This website is good for investors and bot owners. The best part is free of charge. Thanks to @thejohalfiles, @yabapmatt, @ned and @dan for supporting this platform.
